

TLP Systems Upgrade Report

Version: 2.03.1

Project	Task	Requested By	Date	Description / Notes	Page 1 of 2
Base TLP and Framework	1620	Lincoln Logistics Ltd	20-Oct-20	Description: A field (Doc_Present) has been added to the Job and main Warehouse schemas to be set to true if that record has documents attached. Notes: The field that signifies documents are present is set upon save of the record so historical data will not be effected until it is saved. Global Validators need to be set up with four records as shown below; TN_Job.POD.POD_Documents TN_Job.TOBY_Documents WH_Inwards.Documents WH_Outwards.Documents These are all to be in the group DocPresent

Project	Task	Requested By	Date	Description / Notes	Page 2 of 2
Transport 2021	1638	South East	02-Nov-20	<p>Description: The ability to set breaks for an invoice run has been given</p> <p>Notes: The use of the invoice breaks is controlled by a Global Parameter which can be found in the Transport tab. This defines which field you want to use as a break.</p> <p>This can also be set at individual Customer level.</p> <p>The new button "Invoice with Break" should be used if you wish to use this feature. The old button remains unaltered.</p>	
Transport 2021	1647	Lincoln Logistics Ltd	05-Nov-20	<p>Description: Management reports have been extended to provide revenue per kilometre options</p> <p>Notes:</p>	
Transport 2021	1663		12-Nov-20	<p>Description: The linking of notifications to jobs had an error where they were being linked to jobs in error. This has been corrected</p> <p>Notes:</p>	
Transport 2021	1670	TDL Group Ltd	16-Nov-20	<p>Description: Container Invoices have been enhanced to enable the invoice date to be set by the user</p> <p>Notes:</p>	
Transport 2021	1673	South East	19-Nov-20	<p>Description: The One Stop Import has been extended to also update storage date on the Voyage and associated Jobs</p> <p>Notes:</p>	
Transport 2021	1674	Linfox Logistics NZ	23-Nov-20	<p>Description: A boolean has been added to the Trip Status schema so that Manual Statuses can be denoted as such</p> <p>Notes: Once upgraded each Trip Status record should be edited and Saved so that this field is set correctly.</p> <p>Those who are using Manual Status should set the field to denote this</p>	
Warehouse 2021	1600	Lincoln Logistics Ltd	30-Sep-20	<p>Description: When running storage calculations a status display is now shown</p> <p>Notes:</p>	
Warehouse 2021	1637		02-Nov-20	<p>Description: The user can now define WMS statuses which will result in automatic creation of related transport jobs</p> <p>Notes: Currently you can only define the status of "Completed" on Outward Orders.</p> <p>Inward Orders is more flexible</p>	
Warehouse 2021	1639	South East	02-Nov-20	<p>Description: The facility to enter estimated delivery date and time on Outward Orders has been given. This is passed through to the related Transport Jobs</p> <p>Notes:</p>	
Warehouse 2021	1656		09-Nov-20	<p>Description: A Warehouse Movement now has a boolean field called DG which is set to true if the Product is a DG Product</p> <p>Notes:</p>	
Warehouse 2021	1658		11-Nov-20	<p>Description: There is now a check that prevents the user from attempting to transfer nothing to make something</p> <p>Notes: This task also enables the Batch No to be transferred</p>	
Warehouse 2021	1672		17-Nov-20	<p>Description: When removing a transport job from a Warehouse Inwards or Outwards the link will not be removed if the system is unable to delete the Transport Job</p> <p>Notes:</p>
